We are seeking a part-time, evening construction instructor who is willing to be trained in the NCCER Core Construction Curriculum to teach students aged 18 and older in Frankfort, Indiana. As an instructor, you'll be responsible for delivering an engaging NCCER-accredited curriculum to prepare students for successful careers in the construction industry. The NCCER Core curriculum is fully developed and ready for implementation—no lesson planning required.

### **Responsibilities:**

- Develop and deliver the NCCER-accredited construction training program, adhering to curriculum guidelines and standards.
- Utilize diverse instructional methods, including lectures, hands-on activities, and demonstrations.
- Assess student knowledge through written and practical evaluations.
- Maintain current knowledge of industry trends and safety best practices.
- Foster a positive and inclusive learning environment.
- Maintain accurate records of student work and attendance.
- Use assessment techniques to enhance teaching and learning.
- Communicate with students and colleagues about student progress.
- Collaborate with leadership to meet the academic and career needs of all students.

### **Requirements:**

- High school diploma or GED.
- Ability to pass a criminal background check.
- Experience in construction trades and/or teaching
- Strong communication and organizational skills

### **Qualifications:**

- Experience in any construction trades as a supervisor and/or teaching experience
- Strong communication and organizational skills
- Excellent written and verbal communication skills
